The only difference between this rubric and the rubric used in previous years is that it takes into account the fact that in 2011 all places between 1 and 32 were fenced out to completion. For teams that were eliminated from the bracket by virtue of their place at the end of pool play on Saturday (teams placing 33 and bellow), points are awarded by multiplying the

number of bout victories for each team by 3. This is the same method used in previous years for teams that were eliminated from the bracket.

Once points for each event are tabulated, they are summed to determine the three overall champions: women's 3-weapon overall, men's 3-weapon overall and school 6-weapon overall.
